

SUSTAINABILITY POLICY

Safety

Suez Cement group considers safety and security as fundamental values to be integrated into all its activities.

The group is committed to eliminating occupational injuries and accidents and aims at the highest level of awareness by fostering continuous improvement process through the implementation of effective management systems and visible leadership as key factor of success. Workers are trained and equipped to carry out their work in the safest way.

Each individual is responsible for adopting safe behaviour during daily activities and making 'Safety: a way of living'.

Suez Cement group

- 1 Ensures that all plants and equipment are designed, operated and maintained to minimise risks and performs regular assessments to monitor safety and security of workers.
- 2 Defines Group standards covering key activities and provides operational tools to assure active safety at workplace.
- 3 Implements management systems that are subject to regular audits and periodic updates.
- 4 Grants transparent and effective information using appropriate tools for reporting and analysing accidents or injuries as well as for sharing best practices and recommendations.
- 5 Ensures that each worker receives regular training and develops personal safety awareness, safe behaviour and responsible attitude in the workplace.
